

City of Dover New Hampshire Energy Commission

What is community power?

- It is simply a way for the City of Dover to directly offer electric power to local ratepayers with the aid of a collaborative made up of other cities and towns.

City of Dover New Hampshire
Energy Commission

Why would Dover wish to join a community power program?

- Expand power purchase choices for everyone in Dover.
- Take advantage of the purchasing power of a large, non-profit coalition focused on providing very competitive rates.
- Provide easy access to renewable energy at competitive rates free of bait-and-switch plans.

City of Dover New Hampshire Energy Commission

How will it impact my electric bill?

- If you are a default power consumer (i.e. Eversource is your power provider), your power would now come from Dover community power.
- If your current power supplier is a competitive energy supplier, you will be able choose to join Dover community power.
- Your meter reading and billing will remain an Eversource service.

Cost of electricity from EVERSOURCE ENERGY SERVICES, LLC

Your electric supplier is
EVERSOURCE ENERGY SERVICES, LLC
P.O. Box 101
10.5A St, First Floor
BOSTON, MA 02203-0101
800-254-8084

Electric Usage Summary

This month your average daily electric use was 16.8 kWh. This month you used 18.8% more than at the same time last year. **16.8 kWh** (18.8% increase)

News For You
The high price of natural gas, which is used to generate electricity, is driving the cost of energy higher nationwide. Customers who receive energy supplies from Eversource saw an unprecedented increase in the supply rate in Aug. To help offset rising costs, the State of NH developed the Emergency Energy Assistance Program for customers who need financial support. Contact your local Community Action Agency for more information.

IDENTITY PROTECTION
On 10/25/2022, Eversource's information and/or identity protection services were applied to your account. These services will help us to protect your sensitive personal information and ensure only authorized access to your account. For current customers requesting access to information or access, Customer Service Representatives will ask several security questions to verify the user's identity and their right to access the requested account information. We are committed to providing the excellent customer service you deserve and the timely information you need to manage your energy use.

What will remain the same under Dover community power?

- Eversource will continue to deliver and support service to your home or business.
- Eversource will continue to provide your bill.
- Eversource service charges will continue to be regulated or by state statute.

City of Dover New Hampshire Energy Commission

What on my bill will remain unchanged?

- **Customer Charge** is a fixed charge and is constant regardless of the amount of electricity used. This charge recovers costs associated with providing service to customers, such as installing and maintaining meters, utility poles, power lines and equipment, and meter reading.
- **Delivery Charge** is a variable charge that is based on the amount of electricity consumed. This charge recovers costs associated with the delivery of electric service to customers, such as maintenance and operation of transmission and distribution systems, and power restoration and service operations.
- **Stranded Cost Recovery Charge** is a variable charge that is based on kiloWatt-hours consumed in a month. This charge funds the recovery of a utility's past costs, liabilities, and investments that will not be recovered as a result of the restructuring of the electricity industry in New Hampshire.
- **System Benefits Charge** is a variable charge that is based on kiloWatt-hours consumed in a month. This charge funds Core Energy Efficiency Programs and Energy Assistance Programs.
- **Electricity Consumption Tax** is a variable charge that is a state tax on electricity consumption.
- Read in more detail at: <https://www.puc.nh.gov/electric/typicalbill.htm>

City of Dover New Hampshire Energy Commission

Why join the Community Power Coalition of NH?

- Community driven - It has been created, and is directed by, the member cities and towns of New Hampshire.
- Scale - 23 communities have already become members and this number is continuing to grow rapidly.
- Purchasing power - It now rivals the scale of all the state's non Eversource public utilities combined.
