

ADU Financing Now Available

If you have an interest in building an addition to an existing home, otherwise known as an accessory dwelling unit (ADU), we have good news! Service Credit Union is now offering financing for ADUs in Dover, New Hampshire.

Dover is leading the charge when it comes to ADUs in NH, which can provide a more affordable living space in an expensive area with limited housing inventory. We are proud to be able to partner with contractors to offer the money you need to build an ADU of your own. **We'll even help cover the closing costs.**
