DOVER CITY COUNCIL

ON THE AGENDA

Coming up at the next City Council meeting

DHS athletic complex before City Council next week

Waterfront improvements also on June 25 agenda

The City Council will vote on funding the Dover High School Athletic Complex proposal at its Wednesday, June 25 meeting next week.

The vote includes two resolutions: one would authorize debt to fund the project, and another on making necessary adjustments to the already adopted fiscal year 2026 budget. Both require a two-thirds vote to pass.

The debt-authorization resolution would authorize bonding the full project amount as recommended by the project's Joint Building Committee for \$20,037,000, though the City

Saturday:
8:30 a.m. to
3:30 p.m.

Council is not bound by that number and can reduce it if it chooses. The JBC's full project scope includes shifting the position of Dover High School's Dunaway Field, replacing the grass with turf, and replacing the track, grandstands, lights, and concessions. With the field shifted, the project also includes rotating and expanding the adjacent baseball field, converting it to turf, and creating a second lighted multi-sport field. The project was discussed at JBC's joint meeting with the School Board and City Council on May 21. [Click here](#) to watch the video recording of the meeting; the [meeting agenda materials](#) include the JBC's final report and recommendations.

The School Board voted 4-3 at its special meeting on June 17 to recommend funding the full project amount. [Click here](#) to watch the meeting.

Also on the agenda is a resolution that would authorize an additional scope of work for the public improvements at the city's waterfront development site for \$420,735. The work is related to the area known as the bulkhead, where steel plates were added in 2007 as part of the river dredging. During a surface-level review in 2017, no significant deterioration of the plates was observed, according to the resolution background materials. However, earlier this year, the project contractor discovered that the steel plates had corroded below grade, and the structural integrity of the area had to be reevaluated. After consulting with the state Department of Environmental Services and the city's design consultant, it was decided the best course of action was to restore the granite toe wall that existed before the steel plates were added. The work includes removing the steel plates, restoring the wall, and installing erosion control measures. There is an accompanying resolution for construction administration support for the city's design consultant for \$26,400.

The City Council will hold a public hearing on the pending resolution to rename the Washington Street bridge over the Cochecho River next to the Children's Museum of NH to the Captain Jack T. Casey USMC Memorial Bridge in honor of the Dover-native and 2015 St. Thomas Aquinas graduate who was killed on active duty with four other Marines last year.

[Click here](#) for the complete agenda.

The meeting begins at 7 p.m. in City Hall's Council Chambers. It will be televised on DoverTV and online at <https://dovernh.viebit.com>, where it will be available on demand.

HELP SHAPE DOVER'S FUTURE TAKE THE NATIONAL COMMUNITY SURVEY TODAY!

Polco

Dover invites residents to take part in National Community Survey

The City of Dover is inviting all residents age 18 and older to participate in The National Community Survey, now available online at polco.us/dover2025op. The survey aims to gather public feedback on the quality of life in Dover and the effectiveness of city services to inform the city's strategic planning.

The survey is part of Dover's broader effort to align municipal goals with the community's priorities and to benchmark local performance against other communities nationwide.

This open participation survey follows the earlier phase of the project, in which randomly selected households received mailed survey invitations. Those who have already completed the survey by mail do not need to participate again.

"This survey is an important opportunity for residents to share their thoughts about life in Dover and how we're doing as a city," said City Manager J. Michael Joyal, Jr. "We use this input to help guide our decisions, improve services, and focus our efforts on what matters most to the people who live and work here."

Developed by the National Research Center at Polco, The National Community Survey gathers resident opinions on a variety of topics, including public safety, economic health, transportation and mobility, community design, utilities, natural environment and sustainability, equity and inclusivity, civic engagement and public trust, and more.

Survey responses are anonymous, and personal data is securely stored by Polco. Results will be used to identify Dover's strengths and areas for improvement, and will contribute to the development of Dover's next strategic plan.

Residents can complete the survey online at polco.us/dover2025op through July 1, 2025.

"We strongly encourage everyone in Dover to take the survey," Joyal said. "The more feedback we receive, the more accurately we can shape a future that reflects the needs and aspirations of our community."

The City of Dover's 4-million-gallon Garrison Hill water tank is temporarily offline for scheduled maintenance. Until it returns to service next month, the city is urging residents to limit outdoor water use to help preserve resources, especially with next week's anticipated heatwave.

City urges mindful water use, conservation during heatwave

Hand-watering over automatic irrigation preserve reserves until major tank is back online next month

The City of Dover urges its citizens to limit outdoor water use — especially during next week's heat wave — to ensure sufficient water reserves for residents, businesses and emergency needs.

With the city's 4-million-gallon Garrison Hill water tank temporarily offline for scheduled maintenance, Dover is relying on its smaller 1-million-gallon Smith Well tank until repairs are completed next month.

"Automatic lawn irrigation often wastes a lot of water," said Community Services Director John Storer, who oversees the public water system. "Hand watering and avoiding watering during the heat of the day will go a long way to ensure enough water for everyone, including our firefighters."

Many lawn irrigation systems run on daily automatic timers. City water system operators urge those with automatic irrigation systems to reduce or temporarily stop their watering frequency to conserve water — especially on days of high heat. If irrigation is necessary, consider doing it between dusk and dawn, when overall demand is lower.

The goal of city water operators is to keep the water system running smoothly; it's the least stressful on the system. When there are plenty of reserves, production facilities can take turns drawing water from wells to replenish the tank. However, when reserves are limited and demand spikes, especially during hot weather, production facilities must start and stop frequently. This adds significant stress to the system and increases the risk of water main breaks.

"Our goal is to buffer the extreme usage peaks that drain the smaller tank," Storer said.

The \$2.88 million water tank rehabilitation project began in March. The original timeline had the Garrison Hill tank back online in time to meet summer demand. However, higher-than-normal precipitation this spring — while helpful in restoring groundwater aquifers —

created additional moisture and condensation within the tank. This has delayed the application of the cementitious impervious membrane, a specialty product used to waterproof and protect the interior of the concrete tank from environmental degradation. Weather permitting, the application will be finished next week, followed by a two-week cure time. Once cured, the tank will be disinfected, getting it ready to be refilled and tested. The tank may remain offline until July 25, though staff is hopeful it can be brought back online sooner if conditions allow.

Track water use, get leak alerts with 'Eye On Water'

Water customers can monitor their water usage with the Eye On Water online portal and mobile app. The system helps track daily, monthly, and yearly consumption; users can also sign up to receive alerts for potential leaks. Access the portal at <https://eyeonwater.com/signup>. Customers will need their account number from their water bill. For assistance, contact the Water and Sewer Billing Office at 603-516-6028.

Ways to conserve

Residents and customers can conserve water by adopting the following best practices:

- Limit outdoor watering. According to the EPA, irrigation accounts for 30% of residential water use nationally — about 9 billion gallons per day. Avoid irrigating during the hottest parts of the day when evaporation is highest.
- Utilize commercial car washes. They are more efficient with water and don't dump dirty water into the storm drains.
- Fixing leaky plumbing conserves water and saves money. Leaking faucets and toilets can waste thousands of gallons a year, leading to increased water bills.
- Be mindful of indoor water use. Take shorter showers, turn off the water when brushing teeth, and run dishwashers and washing machines only when full.

For more information, contact Community Services at 603-516-6450

City of Dover fireworks launch July 5 from Garrison Hill

The City of Dover will launch its annual fireworks display from Garrison Hill on Saturday, July 5, at dusk, around 9:15 p.m. The rain date is Sunday, July 6.

The best fireworks viewing will be places with a direct line of sight to Garrison Hill and Garrison Hill Tower. Some areas, such as Henry Law Park, have blocked sightlines.

Before the fireworks, the 39th Army Band will play at Henry Law Park at the Rotary Arts Pavilion from 6 to 8 p.m.

For more information, contact Dover Recreation at 603-516-6401.

Dover Chamber announces 2025 Cochecho Arts Festival lineup

The Greater Dover Chamber of Commerce has announced the lineup for the 39th Annual Cochecho Arts Festival, which will take place from July 8 through Aug. 15 at Henry Law Park in downtown Dover. The summer-long festival features free, family-friendly performances showcasing regional and local talent.

The festival includes a Friday Night Headliner Series and a Tuesday morning Children's Series. All performances are open to the public at no cost and are held outdoors at the Rotary Arts Pavilion in Henry Law Park.

The Friday Night Headliner Series, underwritten by Dover Rotary, begins July 11 and continues weekly through Aug. 15. All performances begin at 6:30 p.m.

Friday Night Headliner Series:

- July 11 – The Coastals
- July 18 – Moon Boot Lover
- July 25 – New Norde & Donaher
- Aug. 1 – Harsh
- Aug. 8 – Toby McAllister & The Sierra Sounds
- Aug. 15 – Wheel of Awesome

The Children's Series performances are held Tuesdays at 10:30 a.m. from July 8 through Aug. 12, offering music, magic, and entertainment for young audiences.

Children's Series Schedule:

- July 8 – Magician BJ Hickman
- July 15 – Rockin' Ron the Friendly Pirate
- July 22 – Wildlife Encounters
- July 29 – Musician Steve Blunt
- Aug. 5 – Juggler and Comedian Bryson Lang
- Aug. 12 – Magician Wayne Moulton

Founded in 1987, the Cochecho Arts Festival began when the Chamber matched an anonymous donation to launch a summer concert series. The event has since grown into a staple of summer in Dover, helping foster a vibrant downtown and strengthening community engagement through the arts.

The Festival underwriter is Orpheum Apartments and Cowork, and the stage sponsor is Burns, Bryant, Cox, Rockefeller & Durkin, P.A.

For more information about the Cochecho Arts Festival, visit <https://www.dovernh.org/cochecho-arts-festival>.

Upcoming Meetings:

Community Housing Committee, June 23, 4 p.m.

The City Council's Ad-Hoc
Committee to Address Community

Housing Needs will hold a regular meeting on Monday, June 23, 2025, beginning at 4 p.m., in the First Floor Conference Room, City Hall.

To view the meeting agenda, [click here](#).

Transportation Advisory Commission, June 23, 6 p.m.

The Transportation Advisory Commission will hold a regular meeting on Monday, June 23, 2025, beginning at 6 p.m., at the Police Department, 46 Chestnut Street, Community Room.

To view the meeting agenda, [click here](#).

Planning Board, June 24, 7 p.m.

The Planning Board will hold a regular meeting on Tuesday, Aug. 24, 2025, beginning at 7 p.m., in Council Chambers, City Hall.

On the Agenda: Planning Board, 6/24/2025

In this video, Director of Planning and Community Development Donna Benton reviews what's on the agenda at the next Planning Board meeting on Tuesday, June 24, 2025. The video can be viewed by clicking the image above or <https://dovernh.viebit.com/watch?hash=gm86Wl85aAcFEx3H>.

The meeting begins at 7 p.m. in Council Chambers at City Hall. The meeting will be broadcast live on DNTV and streamed live online.

Want to keep up on other projects and planning and community development initiatives in the City of Dover? Subscribe to the Planning Department's newsletter, the Dover Planning Review. To sign up, visit bit.ly/doverdownload and select Dover Planning Review.

Current bid opportunities with the City of Dover

The City of Dover is currently accepting bids for the following projects:

- [2025 Sidewalk Improvements](#)
- [Bulk Oil and Lubricants](#)
- [Household Hazardous Waste](#)

Current bid documents can be accessed on the Finance Department's [bid page](#). Vendors can also join the City's bid list by visiting the site.

For more information, contact the Finance and Purchasing Office at 603-516-6030.

Volunteer boards help keep Dover vibrant

The City of Dover is a vibrant community due in large part to the significant energy and talent of citizen participation on the city's many boards, committees, and commissions. Input from these boards, committees, and commissions helps guide Dover's policy decisions.

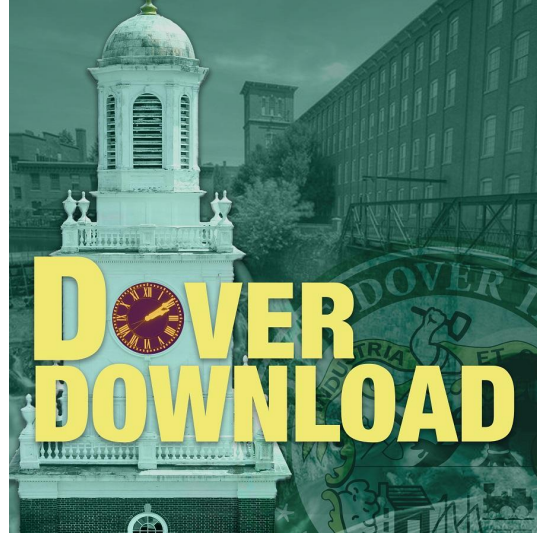

Want to get involved? There are currently committees seeking members to fill regular and alternate member vacancies, including:

- Recreation Advisory Board
- Planning Board
- Racial Equity and Inclusion Committee
- Utilities Commission
- Zoning Board of Adjustment

The complete list of boards and committees can be found at www.dover.nh.gov/government/boards-and-commissions/

To apply, complete an application, [available here](#) and at the City Clerk's Office, and either drop it off at the Clerk's Office or email it to City Clerk Jerrica Vansylyvong-Bizier at j.bizier@dover.nh.gov. Applicants are welcome to apply to any board or commission. Applications are kept on file for one year.

The City Council appoints citizens to boards and commissions from recommendations of its Appointments Committee, which meets regularly to review applications.

Updating the Land Use Chapter of the Master Plan

In the latest episode of the Dover Download podcast, Deputy City Manager Christopher Parker chats with Erin Bassegio from the planning department about Dover's 2025 Land Use Chapter update to the Master Plan. Bassegio explains that this critical chapter, one of two required by the state, hasn't been updated since 2014 and encompasses much more than just land use—including demographics, economic development, housing, and community character. Listen wherever you get your podcasts or at <https://bit.ly/3G46c8g>.

Missed the meeting? Catch it again online

Don't forget: If you missed the live City Council, School Board, Planning Board or Waterfront Committee meetings on DTV, you can catch them again, online and on demand.

Dover Download 'Question of the Week'

We want to hear from you — in a big way! Instead of our usual weekly poll, we're inviting all Dover residents age 18 and older to participate in The National Community Survey. Your input will help guide City priorities, evaluate services, and shape Dover's future.

Taking the survey is easy, and your responses are anonymous.

Take the survey here: <https://polco.us/dover2025op>

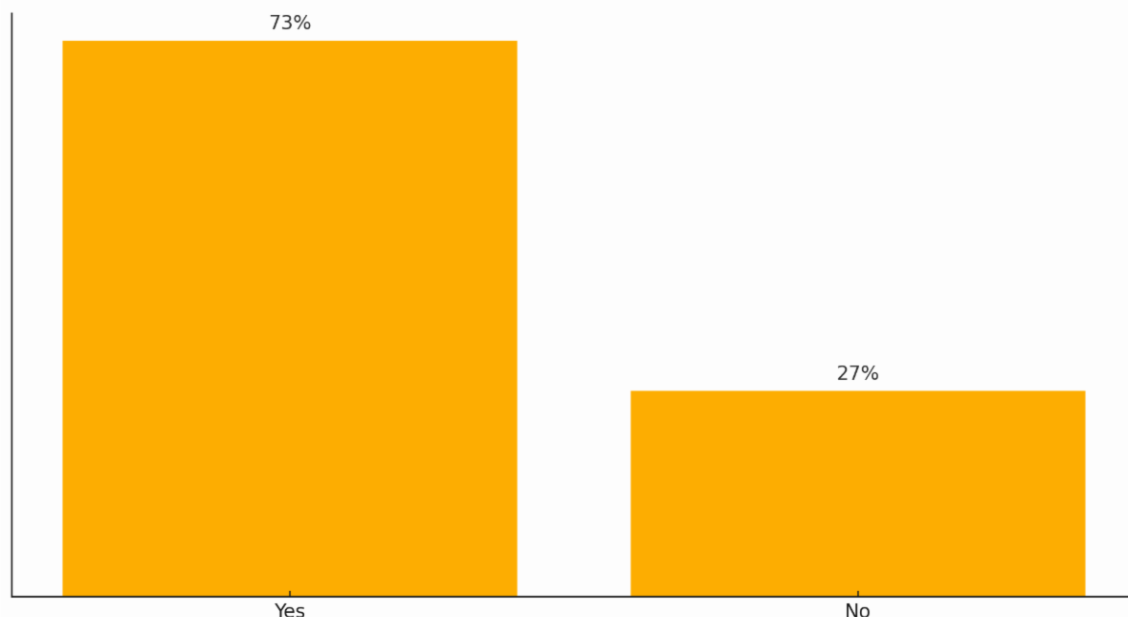

If you've already completed the mailed survey version, thank you. There is no need to respond again. Otherwise, we encourage you to participate online and share the link with friends, family, and neighbors in Dover.

Let your voice be heard!

Please note that if you don't already have an account with Polco, the city's polling system, you will be asked to create one. Responses are anonymous.

Here are the results from last week's poll, which asked, **"Have you ever contacted the Dover Police Department for a non-emergency reason?"**

Have you ever contacted the Dover Police Department for a non-emergency reason?

The following events are from various historical records, sources, and texts about the history of Dover.

For more on the history of Dover, visit the Dover Public Library, Locust Street, and the Woodman Museum on Central Avenue. The Public Library also maintains an online collection of historical information [located here](#).

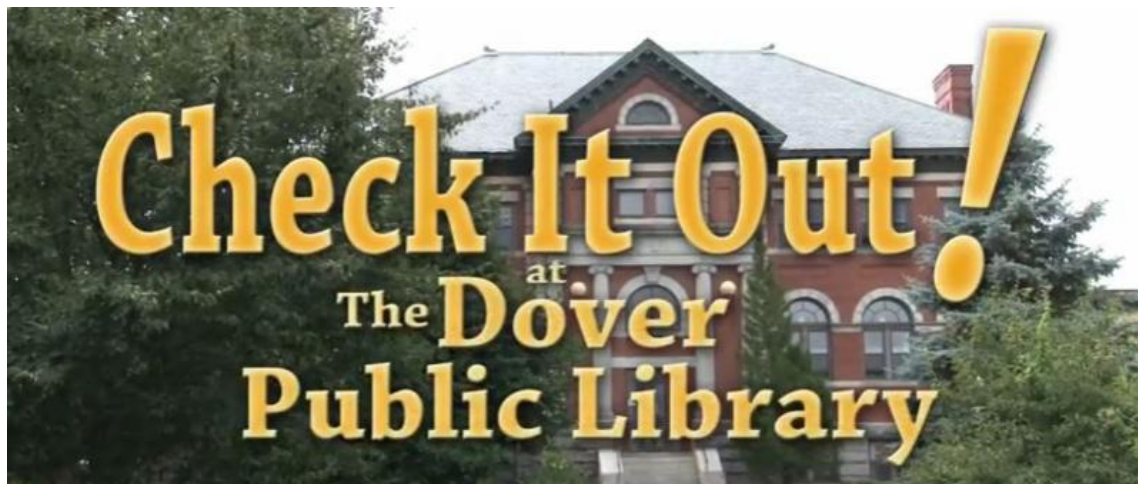

June 20, 1823 — On this day, a tragic accident occurred at Dover Landing involving a wagon loaded with gunpowder. At the time, it was common for goods, including hazardous materials like gunpowder, to be transported by horse-drawn wagons through the bustling port area along the Cochecho River. While unloading or moving the wagon, someone spilled a quantity of gunpowder onto the ground. A young boy, unaware of the danger, ignited the loose powder with a burning coal. The flame quickly reached the straw inside the wagon, which acted as kindling, triggering a massive explosion. The blast was devastating. The wagon was completely destroyed, reduced to splinters. Two men, who had bravely tried to stop the frightened horses from running off, were killed. A third man sustained serious injuries. Dover's port area, known as the Landing, was then a hub of trade and shipping activity, and such accidents were sadly not unheard of in an era before modern fire codes and hazardous materials protocols.

June 24, 1832 — The citizens of Dover held a public town meeting in response to growing fears over a deadly outbreak of Asiatic cholera spreading across the United States. The disease, part of the second global cholera pandemic, had reached North America and was causing widespread panic. To prepare and protect the community, the town voted to establish a formal Board of Health. The board was made up of the town's selectmen and local physicians, who were given the authority to take whatever measures were necessary to safeguard public health. At the time, understanding of how diseases spread was limited, but communities like Dover began taking steps toward organized public health responses.

June 23, 1861 — Shortly after the start of the Civil War, many women in Dover came together to support New Hampshire soldiers serving on the front lines. On this day, a large group of local women met at the Dover Court Room to form an association dedicated to providing soldiers with clothing, medical supplies, and other essentials that were not always supplied by the government. The goal of the group was not only to offer material support but also to ensure the overall well-being of New Hampshire troops. The organization was officially formed that day, with Mrs. John P. Hale, wife of U.S. Senator and noted abolitionist John Parker Hale, elected as President. This group became an integral part of the wider relief effort during the war. They remained active throughout the Civil War, sending significant supplies and aid to the U.S. Sanitary Commission, a civilian organization that supported Union soldiers with medical care and comfort during wartime.

June 20, 1996 — Dover considered breaking away from Public Service of New Hampshire (now Eversource) and forming its own municipal electric utility. A feasibility study claimed the city could save up to \$458 million over 20 years, fueling optimism among some city officials. The proposed move promised local control and cheaper electricity, but opponents, including PSNH, warned of massive "stranded costs" and predicted legal battles. Though the City Council considered a referendum, Dover ultimately did not pursue its own utility. Fast-forward to April 13, 2022, when Dover's City Council voted unanimously to join the Community Power Coalition of New Hampshire (CPCNH). This statewide program allows municipalities to pool resources and buy electricity on behalf of residents at competitive rates. Unlike full municipalization, Community Power lets cities control energy purchasing without owning the infrastructure. (*Learn more about this chapter of Dover's history in next week's episode of the [Dover Download podcast](#).*)

June 21, 2013 — Dozens of residents gathered at the McConnell Center to express support for saving the historic Strand Theater. With dreams of transforming the long-vacant venue into a cultural hub, more than two dozen residents shared ideas ranging from foreign film screenings to youth orchestras and acting classes. The session, led by arts consultant Louise Stevens and organized through a Greater Dover Chamber of Commerce grant, highlighted the building's potential as both an arts destination and a vital piece of Dover's heritage. Suggestions included modernizing the space while preserving its historic charm, adding amenities like food and beverage service, and forming a nonprofit to oversee the revitalization. Though the building was on the market for \$690,000, nearly double its assessed value, the spirit of collaboration and vision for a vibrant arts community was strong. Built in 1919, the Strand Theater at 20 Third St. served as a vaudeville stage and movie house before closing in the 1990s. The building was eventually sold, and in 2015, the venue was revived as "The Strand Ballroom." By 2017, it was simply branded "The Strand," showcasing a wide mix of performances, from jazz and rock to burlesque and youth recitals. Today, it remains an active, multi-purpose entertainment venue, regularly hosting community and touring acts.

This Week at the Library

Monday, June 23, All Day Summer Reading Program

Time to start reading! Adult, Teens and Kids! Everyone can win prizes by reading!

Learn more at:

<https://ow.ly/xEL750Wb87r>

Monday, June 23, 2 to 3 p.m. Teen Yoga

McConnell Center, Room 306

Join fellow teens for a fun, accessible beginner yoga flow set to a cool playlist, followed by some relaxing meditative journaling. It's the perfect way to de-stress and reconnect with yourself in a laid-back environment. All levels and bodies are welcome – no prior experience necessary, just come as you are! This class is open to teens entering grades 6-12.

Tuesday, June 24, 2 to 3 p.m. Resin Crafting Workshop for Teens

McConnell Center, Room 306

Teens entering grades 6-12 are invited to join an introductory workshop on resin crafting! We will make small creations with UV resin. All supplies will be provided, but if there are special molds that you would like to use, please feel free to bring them. *Registration required.*

Wednesday, June 25, 11 am to 12 pm All Abilities Music Club

Great Bay Services, Dover

Join us for a lively sing-along to your favorite tunes.

Wednesday, June 25, 6 to 8 p.m. Art Forgery Night

McConnell Center, Room 306

Do you dream of being an art forger? Each month, you can try replicating a

Thursday, June 26, 4:30 to 6:30 p.m. Carnival Kick Off Event: Summer Reading 2025 on Front Lawn

Join us for a fun, carnival kick off to Summer Reading 2025! We'll be hosting a carnival themed opening event, with all kinds of games, activities, food and more, so you can start your summer off right. Studios 2Go will provide inflatable carnival games, and the Kona Ice Truck will be here so you can buy a cool treat! This will be a perfect time to sign up for summer reading and enjoy some fun for the whole family.

Thursday, June 26, 6:30 to 8:30 p.m. Cocheco River Writers

McConnell Center, Room 306

Join a community of local writers on the fourth Thursday of every month. Discuss ideas, get tips, and share your work with others in a low-key, inviting atmosphere. Whether you want to write creatively for fun or for publication, this group is a great way to hone your craft!

Friday, June 27, 10 to 11 a.m. Ozobots!

McConnell Center, Room 306

Are you a kid ages 7-11? Do you like coding? Do you want to play with robots? Then you should come try out Ozobots! Ozobots are a fun, programmable robot designed to introduce kids to coding and robotics in a hands-on and engaging way. Kids ages 7-11 are invited to join us as we use colored markers to program the robots to move in a variety of ways.

Registration required.

Friday, June 27, 2 to 3 p.m. Candle Painting for Teens

McConnell Center, Room 306

famous work of art. We'll start off with a brief history on the piece, as well as an overview of the techniques and the medium. We will have pastels, watercolors, colored pencils, markers, and more at your disposal to render your imitation. Feel free to bring your own art supplies as well. This is not a class. We will have a reference photo on the overhead projector. *Registration required.*

Wednesday, June 25, 6:30 to 8 p.m.

Get Lit! Book Club

The Office Lounge (21 Third St, Dover)

Join the Library's adult book group to discuss *The Guncle* by Steven Rowley. Copies of the book will be available to borrow at the main circulation desk of the library. All are welcome!

Wednesday, June 25, 7 to 8 p.m.

Author Hour: Martha Hall Kelly

Register: <https://ow.ly/TRgE50Wb82R>

Bestselling author Martha Hall Kelly will discuss her new historical fiction novel, *The Martha's Vineyard Beach* and Book Club, in this "Author Hour" in partnership with Tewksbury Public Library.

Teens entering grades 6-12 are welcome to decorate taper candles with wax paint!

All supplies will be provided, and no registration is required. Candles will be available as supplies last!

Saturday, June 28, 10 to 11 a.m.

Crafternoon for Kids:

Thumbprint Art

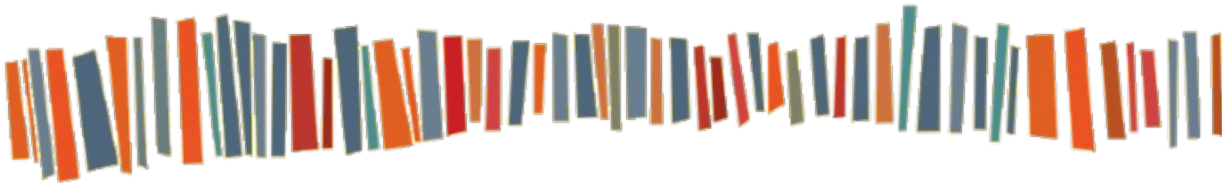

McConnell Center, Room 306

Kids of all ages and their caregivers are invited to make some thumbprint art! No registration necessary for this event.

Saturday, June 28, 12 to 1 p.m.

**Frederick Douglass Community Read
City Hall Auditorium**

In 2017, the Black Heritage Trail of New Hampshire (BHTNH) established a successful tradition of hosting an annual public reading of Frederick Douglass's famous speech, "What to the Slave is the Fourth of July." The goal of this reading is to create a dialogue on the meaning of the July Fourth holiday, what it meant to the enslaved people then, and what it means to us today.

Energy Tips from Dover's Energy Commission

Reduce Your Summer Energy Bill by Changing Your A/C Filter

The average home spends 12% of total energy costs on air conditioning. A clean filter could save you 5–15%.

Check your filter every 1 to 3 months. A clean filter helps your A/C work smarter, not harder.

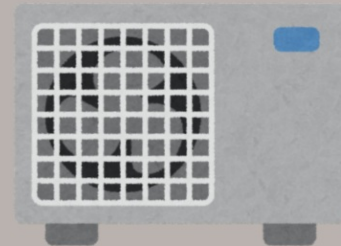

Disposable filters last 3–12 months, depending on type.

- 1-inch filters: change every 3 months.
- 5-inch filters: may last up to 12 months.

DID YOU KNOW?

- In New Hampshire, 78% of homes use A/C.
- NH households spend about \$183/year on A/C (vs. \$299 national average).
- An ENERGY STAR unit can save 20–50% more energy than a non-efficient model.

✓ **Tip: Combine a clean filter with an ENERGY STAR system for even more savings!**

City of Dover employment opportunities

Want to work for the City of Dover? The City's website offers an updated list of open positions, including job descriptions and a downloadable application for employment. The City of Dover is now seeking applications for the following positions:

- Police Officer
- Water Exercise Instructor II, Part-Time
- Swim Instructor, Part-Time
- Lifeguard I, Part-Time
- Heavy Equipment Mechanic
- Diesel Mechanic
- City Attorney
- Water Treatment Operator
- Fire/Life Safety Inspector, Part-Time
- Truck Driver - Street

- Laborer - Public Works Streets & Stormwater
- Firefighter / AEMT
- Building Inspector
- Wastewater Pump Station Operator
- Seasonal Adopt-A-Spot Worker
- Municipal Construction Project Administrator
- Account Clerk II - City Clerk Tax Collection
- Parking Enforcement Officer
- Utility Systems IT Technician

For more information about these positions or employment opportunities with the City of Dover, [click here](#).

Dover School District employment opportunities

Want to work for the Dover School District? The District's website offers an updated list of open positions, including job descriptions and online applications. The District is now seeking applications for the following positions:

- 5th Grade Teacher
- 6th Grade Teacher
- Accounting Specialist
- Boys JV Soccer Coach
- Cleaner (2nd Shift) for C&W Services
- Dean of Bellamy Academy
- District Student Support Counselors
- Elementary Special Education Administrative Assistant
- EMT Instructor
- Freshman Boys Soccer Coach
- Grounds Crew for C&W Services
- Interventionist
- Maintenance Technician
- Noon Aide
- Paraprofessionals
- Social Studies Teacher
- Special Education Teacher - Oasis
- Special Education Teacher/Case Managers
- Substitute Teachers
- Summer Programming Paraprofessionals
- Summer School Proctor
